Dear Denny,

At this very poignant time of the year, I write to express my thanks for the support work of the trust which has been ongoing with Liz and Katie.

Three years on, friends and wider family members have moved on in their acceptance and are no longer providing the emotional backstop so sorely needed to the closest relatives who are only just beginning the grieving process.

The trust is providing invaluable opportunities to network with other families who have suffered a similar loss – comforting in itself!

Katie herself is more relaxed, confident and secure within herself since the involvement of the trust.

Thank you for your sterling work – long may it continue to offer hope to the bereaved persons attached to the armed services.

Yours sincerely,

Mrs L. Downes  
Headteacher
